

Mesa Panels

Power Measurement & Management

Providing Custom Solutions to your high energy cost problems

Rock Crushing Efficiency!

Our Systems Feature:

- Increased Power Efficiency
- Reduced **Power Factor** Charges
- Load shedding (soft limits)
- Programmable switch points
- Auto sequencers
- Loading to predefined set points
 - Totalizing (time, kw, kvar)
- Real Time Control
- More consistent & responsive performance
- Faster smoother machine response to operator control
- Low Cost
- Program runs on Windows® OS
 - Network capability
- Ability to track Individual projects
- Highly Customizable

“Applying State-of-the-Art Electronic Control Solutions to industrial Applications”
